COPY

BEFORE ME, the undersigned authority, personally appeared Kathy Cleere, known to me to be a credible person over the age of 18 years, who, being duly sworn by me, did depose and say that the following is true and correct:

"My name is Kathy Cleere. I am of sound mind; capable of making this affidavit; and I am authorized to make this affidavit in the capacity herein stated. I am personally acquainted with the facts herein stated."

"I am employed as a Program Supervisor III for the Texas Department of Criminal Justice ("TDCJ") Emergency Action Center located in Huntsville, Texas, and do hereby certify that I am the custodian of records maintained in the regular course of business of the TDCJ."

"I have reviewed the records you have requested; and hereby certify that the attached copies of documents are true and correct copies of the original records now on file in my custody. I further certify that the records attached hereto are maintained in the usual and regular course of business at the TDCJ. The entries made and/or documents created were created at or about the time of the occurrence, or reasonable soon thereafter, by an employee or representative of TDCJ with knowledge of the act, event, condition, opinion, or diagnosis reflected in the records, and that such records are maintained on each and every offender confined here."

Attached are copies of the records of offender **McCollum, Larry Gene TDCJ #1721640** described as **"Updated EAC report for offender Larry Gene McCollum, who died in July 2011 / Cause #312CV2037 / Stephen McCollum, et al. V. Brad Livingston, et al"**, which were requested.

Kathy Cleere, Affiant

SWORN TO AND SUBSCRIBED BEFORE ME on August 1, 2012 by the said Kathy Cleere, to certify which, witness my hand and seal of office.

Notary Public in and for the State of Texas

Regional Director/Assistant Director's Comments:

On July 22, 2011, at approximately 0210 hours, Offender McCollum, Larry #1721640, was found by COV Richard Clark during count in his assigned bunk of C7-46 with what appeared to be a seizure. COV Clark notified COIV Adeotun Jolayemi, who initiated Incident Command System; requesting a supervisor, additional staff and video camera. Offender McCollum was taken to the unit medical department where a triage nurse at the Crain Unit was contacted and advised to transport the offender to Parkland Hospital via ambulance. Offender McCollum was a newly received offender and had no electronic medical records. At approximately 0300, Offender McCollum was transported via 911 ambulance to Parkland Hospital Intensive Care Unit and placed on a ventilator. At the time of his arrival, Offender McCollum's condition was listed as critical. Hutchins Unit Assistant Warden Balden Polk notified Offender McCollum's next of kin, his wife, Sandra McCollum, of the offender's condition and requested information about the offender's medical history.

On July 28, 2011, Sandra McCollum, and other members from Offender McCollum's family, decided to remove him from the ventilator and cease all life saving measures. At approximately 1725, the ventilator was removed from Offender McCollum. He continued to breathe on his own until approximately 2345 hours, when he was pronounced dead by the attending physician, Dr. Charles Owens. Sandra McCollum, the offender's next of kin, was present at the time of his death. Ms. McCollum stated the family would claim the body and did not object to an autopsy.

Office of the Inspector General Investigator Michael Keck opened an investigation into this incident and assigned case number 2011.03006.

In order to prevent heat related illness, the Hutchins Unit has taken the following measures: housing temperatures are monitored by each shift, hot water turned off in the showers and offenders are allowed unlimited access to the showers, offenders are allowed to wear commissary shorts and t-shirts in the dayrooms, offenders are screened for lower bunk restriction based on height/weight, wellness checks are conducted every thirty minutes for offenders on the heat extreme list, ice water is provided in living areas, staff have received training on heat related illness, and signs are posted in offender living areas to assist offenders in identifying signs of heat related illness.

Staff action/inaction was not a factor in this incident. All staff actions were appropriate and in accordance with agency policies and guidelines.

The preliminary cause of death in this incident was listed as "Respiratory Failure/Neurological Failure" pending the results from an autopsy. In that the cause of death was natural and attended by a physician, there was no requirement for an additional report to Emergency Action Center. However, on October 26, 2011, Dr. Keith Pinckard, of the Dallas County Medical Examiner's Office, listed the probable cause of death as "hyperthermia". The change in cause of death to "heat related" should have prompted an administrative review. However, an administrative review was never completed. The Region II Director's Office has implemented a process to review all offender deaths to ensure that all appropriate documentation is completed.

SUBJECT: Natural Attended Death

**PERSONS
INVOLVED:**

Offender McCollum, Larry #1721640; W/M; DOB – 04/04/53; Age 58; NR custody; Serving a 12 month sentence for Forgery from McLennan County; Sentence Begin Date 06/21/11; TDCJ Received Date 07/15/11.

SUMMARY:

On Thursday, July 28, 2011, at approximately 11:35 pm, Offender Larry McCollum, a 58 year old white male NR custody offender, who is 5'10" and weighs 320 pounds, was pronounced deceased by the attending Doctor Charles Owens and Intern-Physician Rigoberto Ramirez at Parkland Hospital in Dallas, Texas. The preliminary cause of death is listed as Respiratory Failure/Neurological Failure. The offender's next of kin, Mrs. Sandra McCollum was present at the time of the offender's death.

On Friday July 22, 2011, at 2:10 am, Officer Richard Clark CO V was in C7 dorm conducting count. An offender approached Officer Clark and stated that an offender was shaking. Officer Clark went to C7-46 bunk and found Offender McCollum, Larry #1721640, having a seizure. Officer Clark notified the picket officer, Officer Adetoun Jolayemi. Officer Jolayemi initiated the incident command system by calling for additional staff, a video camera, and a supervisor. Sergeant Karen Tate arrived on the scene and attempted to talk to the offender. He remained unresponsive. At approximately 2:40 am, Lieutenant Sandra Sanders arrived at C7 dorm in order to make an assessment of the offender. The offender remained unresponsive and Lieutenant Sanders then called the Crain Unit and spoke with the triage nurse. The nurse could not find any medical information to verify or disprove a seizure disorder. She, therefore, recommend that Offender McCollum be transported to the hospital via ambulance.

On Friday July 22, 2011, at approximately 3:38 am, Offender McCollum was transported via ambulance to Parkland Hospital after being found on his assigned bunk with what appeared to be a seizure. The offender was assessed at Parkland Hospital and placed on a ventilator. The offender's condition at that time was

Our mission is to provide public safety, promote positive change in offender behavior, reintegrate offenders into society, and assist victims of crime.

APPENDIX 004
EAC-02

McCollum 04256

listed as critical and he was assigned to the 9th floor Intensive Care Unit.

On July 22, 2011, the next of kin was contacted and advised by Warden Polk of Offender McCollum's condition and to obtain his medical history. Offender McCollum's immediate family was allowed visitation. Offender McCollum received many tests to determine if he had any neurological response/s and to determine the original cause of the seizure. Offender McCollum remained on a ventilator until Thursday, July 28, 2011. The attending physician at Parkland Hospital provided Ms. Sandra McCollum and family member's information concerning Offender McCollum's status. The family, at that time, chose to remove the offender from the ventilator and cease all life saving treatment. At approximately 5:25 pm, Offender McCollum was taken off the ventilator and he continued to breathe on his own until approximately 11:35 pm. Offender McCollum was pronounced deceased by the attending physician. Mr. Michael Keck from the Office of the Inspector General and Major Terry May were both notified of the offender's passing and reported to the hospital. Mr. Keck declared the area a crime scene and documented the area and cleared the crime scene at approximately 1:20 am. On July 29, 2011, Captain Kyron Session relieved the security staff at the hospital. Captain Session remained at the hospital with the offender's remains until he was taken to the hospital morgue. The family of the offender did claim the body and an autopsy was performed by Dallas Medical Examiner's Office. Carne's Funeral Home in Texas City, Texas was contacted of the death and the family's intent to claim the offender's remains. Senior Warden, Jeff Pringle and Assistant Warden, Baldin Polk had visited the family earlier, and were aware of their decision to remove him off the ventilator and was notified of the offender's passing at 11:45 pm. The Unit Chaplain, Mr. Gene Bartholf was notified. Mr. Robert Eason, the Region II Director, was also notified of this incident at 12:01 am. On July 29, 2011, at 1:01am, Ms. Kyla Crumbly of the Emergency Action Center was notified of this incident. Incident Number I-10671-07-11 was issued to this incident.

**ACTION/
IN ACTION:**

Employee action was not a contributing factor in this incident.

**ADMINISTRATIVE
REVIEW:**

In accordance with Administrative Directive 02.15 (rev.11), the following was addressed:

Our mission is to provide public safety, promote positive change in offender behavior, reintegrate offenders into society, and assist victims of crime.

1500 E. Langdon Road
Dallas, Texas 75241-7136
(972)225-1304

I. Wardens Comments:

Staff actions taken were consistent with Texas Department of Criminal Justice policies and procedures. Offender McCollum was received from McLennan County on July 15, 2011, and he had no property and he was properly housed according to his custody level at the time of the incident. Offender McCollum was found unresponsive by security staff during count and they immediately began proper care.

Lt. Sanders' investigation consisted of interviews and written statements from offenders in the C7-Dorm and she ruled out any foul play. Offenders in the dorm indicated that Offender McCollum would not get off his bunk or go eat and he was withdrawn from dorm activities leading up to the incident. All security staff handled the issue with dignity and respect for the family and the Administration also met with the family members to show care and passion for the situation. The Unit Chaplain met with the McCollum family to give spiritual guidance and sympathy for their loss.

Offender McCollum was seen by the Hutchins Unit Medical Staff for his intake physical, as per policy. The initial medical intake physical was completed and Offender McCollum was placed on medicine for hypertension. There was no lesser action that could have been taken to prevent the seizure and the offender's death. The unit has completed additional awareness training for signs of heat exhaustion and heat stroke, and also began dorm checks of offenders who appear on the extreme temperature list.

The following measures are in place on the Hutchins Unit in order to increase awareness and identify offenders that may need immediate medical attention.

- Dorm temperatures are checked by each shift.
- Shower temperatures were lowered and the offenders allowed unlimited access to the showers.
- Commissary shorts and t-shirts were allowed to be worn in the housing area dayrooms.
- Additional cold drinking water is passed out to the offender population.
- Staff received additional training on heat related illnesses in order to identify and assist those offenders who may suffer adverse effects from the heat.
- The signs of heat related illness are posted in the offender housing areas to allow offenders to identify the signs of heat related illness.

The following measures were implemented after this incident to prevent future occurrences of similar events:

- Offenders on the extreme temperature list are checked for wellness in the housing areas every 30 minutes throughout the day and offenders in jobs that expose them to extreme temperatures were reassigned.
- Offenders are reviewed and screened based on height/weight for lower bunk restriction for after hour moves.

Our mission is to provide public safety, promote positive change in offender behavior, reintegrate offenders into society, and assist victims of crime.

1500 E. Langdon Road
Dallas, Texas 75241-7136
(972)225-1304

The Hutchin's Unit conducted heat temperature training in May 2011 for all staff and offender workers. The training consists of recognizing signs of heat stroke, heat exhaustion, and steps to prevent and treat heat-related illnesses. Offender housing areas are constantly monitored, as officers are routinely in and out of dorms for security and safety reasons.

Jeff Pringle, Senior Warden, Hutchins Unit

HUTCHINS STATE JAIL

Addendum

I-10671-07-11

The Hutchins Unit continues to stress the importance of Heat Training and action to be taken to prevent Heat Stroke and Heat Exhaustion.

Medical Examiners Conclusion:

An autopsy report for Offender Larry McCollum #1721640 was completed on October 26, 2011, by Examining Pathologist, Keith Pinckard M.D., Ph.D. The Hutchins Unit received a copy of the autopsy report on October 31, 2011. Based on the autopsy and the history available to the medical professionals, Larry McCollum died as a result of hyperthermia. He was in a hot environment without air conditioning and he may have been further predisposed to developing hyperthermia due to morbid obesity and treatment with a diuretic (hydrochlorothiazide) for hypertension. The manner of death was ruled an accident.

Jeff Pringle, Senior Warden, Hutchins Unit

**HUTCHINS STATE JAIL
Time Lines**

I-10671-07-11

The following time line information is provided as a guideline for this incident. The times are approximate and not exact :

July 22, 2011

2:10 am – Officer Richard Clark is notified of an offender having a seizure. Officer Clark notifies Officer Adetoun Jolayemi that he needs assistance due to an offender having a seizure in C7-46 bunk. Officer Jolayemi calls for assistance via hand held radio. Lieutenant Sandra Sanders and Sergeant Karen Tate are the supervisors on duty. Lieutenant Sanders is taking the unit count and sends Sergeant Tate to the scene to handle the incident.

2:15 am – Sergeant Tate responds to the incident and finds Offender McCollum having what appears to be a seizure in C7-46 bunk. Once the offender stops shaking, the staff attempts to awaken him and cool him down because the offender is sweating. Sergeant Tate calls for additional staff to respond in order to remove the offender from the top bunk he is lying on.

2:40 am - Lieutenant Sanders responds to the area and completes an assessment and determines that it is necessary to contact the on-call medical staff at the Crain Unit.

2:50 am - Lieutenant Sanders relays information that she received from Sergeant Tate, who was the first responding supervisor to the on-call Medical Staff at the Crain Unit. The nurse does a medical review and assessment with Lieutenant Sanders over the phone and no medical history of seizures were found in the offender's records. The on-call nurse then advises Lieutenant Sanders to proceed with calling 911.

3:04 am - 911 operator was called and at 3:05am, EMT was dispatched to the Hutchins Unit.

3:12 am - The EMT staff arrives at the Hutchin's Unit and along with the Hutchin's Unit security staff, Offender McCollum is taken off the top bunk and placed onto a gurney in C7 dorm. EMT staff begins to diagnose Offender McCollum.

3:36 am - Sergeant Tate escorts the EMT staff off the unit for Offender McCollum to be transported to Parkland Hospital.

3:54 am – The ambulance arrives at Parkland Hospital in Dallas, Texas with Offender McCollum.

Our mission is to provide public safety, promote positive change in offender behavior, reintegrate offenders into society, and assist victims of crime.

**APPENDIX 010
EAC-08**

McCollum 04262

07:00 am – Assistant Warden Balden Polk began to locate a next of kin for a serious incident notification. Warden Polk does make contact with Offender McCollum's wife, Sandra McCollum and set up visitation with the family.

Offender McCollum's family was allowed daily visitation.

July 28, 2011: Date of Death

05:25 pm – Offender McCollum's family agree to have him removed from life support after consultation with Doctor Charles Owens.

11:35 pm – Doctor Charles Owens pronounced Offender McCollum Deceased

Death Notification:

Family Present at Hospital

11:35 pm. Terry May, Major

TRANSPORT AUTHORIZATION FOR OFFENDER REMAINS

The undersigned authorizes and directs the coordinating funeral home

and/or its said agents or staff to make the removal of the said remains of

LARRY McCOLLUM from PARKLAND HOSPITAL,
(Print Offender Name) (Print Unit/Location)

who died on 7/28/2011, and to hold until further notification
(Date of Death)

from the Warden of the unit with regards to the approval for an autopsy.

NOTE: If an offender death is determined to be from natural cause by a certified medical physician, the offender's family will be provided the opportunity to object to an autopsy.

Instructions: If death occurs on the unit the Warden shall sign this form authorizing the transport of the remains. If death occurs off the unit the Warden shall sign the form and shall then deliver the form by the most expedient means to the appropriate medical staff at the location of the death.

Texas Department of Criminal Justice AUTOPSY ORDER

In accordance with Section 501.055 of the Government Code, the following Order shall serve as authorization to perform an autopsy on the body of the deceased offender identified below.

Offender Name: <u>LARRY McCOLLUM</u> <small>(Print Name)</small>		TDCJ #: <u>1721640</u>
Date of Birth: <u>4-4-53</u>	Race: <u>W</u>	Sex: <input checked="" type="checkbox"/> Male <input type="checkbox"/> Female
Offender Pronounced dead at <u>11:35 PM</u> on <u>7-28-11</u> <small>(Print time, include am or pm) (Print date, month, date, year)</small>		
Location of Death: <input type="checkbox"/> Unit _____ <small>(Print Unit Name)</small>		<input checked="" type="checkbox"/> Other <u>PARKLAND HOSPITAL</u> <small>(Print location, i.e. hospital name)</small>

Acting in my capacity as an authorized official of the Texas Department of Criminal Justice, I hereby order and decree that an autopsy be performed on the body of the above described offender. Said autopsy should be performed to determine the cause of death of the offender who died of natural causes while attended by a physician or registered nurse.

Said autopsy should include a determination of the cause of death and toxicological examinations of the urine, blood and other bodily matter as deemed necessary to determine types and amounts of alcohol or drugs if any are present in the body. I further order that said autopsy be performed by the UTMB Autopsy Service Physicians and/or associates.

It is understood that due care shall be taken to avoid unnecessary disfigurement of the body.

Further, said body shall be transported to PCME (location of autopsy) by a representative or associate of CARNES Funeral Home, located in TEXAS CITY, Texas. Upon completion of the said autopsy, the body should be relinquished to a representative of the delivering funeral home who can be reached at (phone number) 888-822-7637, for transport.

Please forward copy of preliminary findings and reports to:

Mrs. Sandra McCollum
4022 E. Harris #9
Waco, TX 76708

Dear Mrs. McCollum:

On behalf of Warden Pringle and his administrative staff I offer condolences on the loss of your loved one. I did not know your husband because he was at the unit so briefly. It was heartening to me to visit with your large family group. I am sure he will be missed by all.

You mentioned to me that he had a spiritual connection with the Salvation Army Church. I will remind you of the sure and certain hope of eternal life through Christ our Lord. May the Lord bless Larry and keep him. May the Lord give comfort to those in your family who mourn

Sincerely,

Gene Bartholf
Chaplain Gene Bartholf

Our mission is to provide public safety, promote positive change in offender behavior, reintegrate offenders into society, and assist victims of crime.

To: Warden J. Pringle **Date:** August 8, 2011

From: Captain K. Session *KY* **Subject:** Personal Property

Upon completion of the inventory and inspection, I estimate the consumable property belonging to offender McCollum, Larry # to be estimated at about \$0.00

Texas Department of Criminal Justice
CORRECTIONAL INSTITUTIONS DIVISION
Inter-Office Communications

To: All Concerned **Date:** July 22, 2011

From: Lieutenant Sandra Sanders **Subject:** McCollum, Larry #1727640

On Friday July 22, 2011, at approximately 0210 hours, Officer Richard Clark, COV, was in C7 dorm conducting count. An unidentified offender approached the officer and stated that his cellie was shaking. At that time, Officer Clark went to the bunk in question, C7-46, and found offender McCollum, Larry TDCJ# 1721640, a White, male, J2, 58 years-old, serving a 1-year sentence out of McLennan County for Forgery, having a seizure. Officer Adetoun Jolayemi, COIV, was assigned to C5-8 building as well. When she came to the dorm to count, she was notified by Officer Clark that the offender needed medical assistance. Officer Jolayemi initiated ICS, calling for additional staff, a video camera and a supervisor. Sergeant Karen Tate arrived on the scene and attempted to talk and calm the offender in an effort to get a response from offender McCollum. This was to no avail. Offender McCollum continued to seize for several more minutes. At approximately 0240 hours, I, Lieutenant Sandra Sanders, arrived at C7 dorm to make an assessment. Offender McCollum was still seizing and I then contacted the Crain Unit and spoke with the triage nurse. The nurse could not find any medical information in the system that verified the offender having any seizure disorder; therefore, she recommended that the offender be transported to the hospital via ambulance. At approximately 0300 hours, Offender McCollum was transported via ambulance from the Hutchins Unit to Parkland Hospital. Officer T. Cain, COV and Officer T. Inniss, CO4, served as the transport officers. Duty Warden Balden Polk was notified of the incident and the transport at approximately 0330 hours. Warden Jeff Pringle was notified at approximately 0500 hours.

TEXAS DEPARTMENT OF CRIMINAL JUSTICE
CORRECTIONAL INSTITUTIONS DIVISION
INTER-OFFICE COMMUNICATION

To: Whom it may concern Date: July 22, 2011
From: Sgt. Tate Subject: Offender McCollum C7

At approx. 0215 a.m. I was called to C2 building regarding an offender having a seizure, I responded to C7 dorm and found Offender McCollum on a top bunk having a seizure. I attempted to speak with the offender asking him if he was ok and patting a cool damp cloth telling him to come on and calm down and wake up with no response. Additional staff was called to assist in removing him from the bunk. Lt. Sanders was in constant contact with me while contacting the Crain Unit and contacting 911 for a transport to Parkland. The transport left the Unit at approx. 0338. The ambulance EMT's stated the ride to Parkland would be done as a code status.

Thank-You, Sgt. Tate

Liver: 2,590 g	Spleen: 250 g	

EXTERNAL EXAMINATION

The body is identified by tags. Photographs and fingerprints are taken.

The body is received nude. No personal effects or jewelry are present on the body.

The body is that of a normally-developed white male which appears consistent with the recorded age of 58 years. When nude, it measures 70 inches in length and weighs 345 pounds. There is good preservation in the absence of embalming. Rigor mortis is present. Lividity is located on the posterior body surfaces and blanches with pressure. The body is room temperature in the presence of minimal refrigeration.

The hairline is receding and there is short gray hair that is cut very close to the scalp. Mustache and beard stubble are on the face. The irides are brown and there are no petechiae of the bulbar or palpebral surface of the conjunctivae. The ears, nose, and lips are unremarkable. The mouth has natural dentition. The neck is without masses or unusual mobility. The chest and back are unremarkable. The abdomen is protuberant. The extremities are symmetric. The external genitalia, perineum, and anus are unremarkable.

A 1 inch area of indentation and red discoloration is on the right side of the forehead.

IDENTIFYING MARKS AND SCARS

A 3 inch linear scar is obliquely oriented on the right side of the abdomen.

A 2 inch linear scar is on the right temporal scalp.

EVIDENCE OF TREATMENT

Accredited by The National Association of Medical Examiners

IFS-11-10161

McCollum, Larry Gene

Page 2 of 6

- Cardiac monitor pads affixed to the chest
- Intravascular catheter in upper right arm
- Hospital band encircling left wrist
- Foley catheter
- Rectal catheter connected to a bag containing fecal material
- Needle puncture in the left inguinal region
- Needle punctures in the right inguinal region, with extravasated blood within the soft tissue and musculature surrounding the right inguinal canal

EVIDENCE OF INJURY

A 1/4 inch purple contusion is on the superior aspect of the bridge of the nose.

Reflection of the scalp reveals a 3 cm area of hemorrhage in the left temporalis muscle along the parietal bone. A 1 inch purple contusion with central abrasion is immediately inferior to the left external ear. Deep to this is a 4 cm area of hemorrhage within the underlying soft tissue.

A 2 cm purple contusion is on the left supraclavicular region. A 2 inch purple to yellow contusion is on the right upper abdomen near the subcostal margin. A few purple contusions measuring between 1 and 2 cm each are on the left side of the chest. A 1/2 inch red abrasion is on the front of the proximal left forearm. A 2 inch purple contusion is on the posterior aspect of the left thigh.

INTERNAL EXAMINATION

BODY CAVITIES: Approximately 300 cc of tan clear fluid are within each pleural cavity. The pericardial and peritoneal cavities contain no adhesions or abnormal collections of blood or other fluid.

HEAD: See EVIDENCE OF INJURY. The dura and dural sinuses are unremarkable. There are no epidural, subdural or subarachnoid hemorrhages. The leptomeninges are thin and delicate. The cerebral hemispheres are symmetrical, with flattened gyri and effaced sulci. There is mild notching of the parahippocampal gyri. The cerebellar tonsils are soft; sections reveal friable, tan-red necrotic parenchyma. The cranial nerves and blood vessels are unremarkable. Sections through the brainstem are unremarkable. Sections through the cerebral hemispheres exhibit diffuse blurring of the gray-white matter junctions. There are no hemorrhages in the deep white matter or the basal ganglia. The cerebral ventricles contain no blood. The spinal cord, as viewed from the cranial cavity, is unremarkable.

NECK: The soft tissues and prevertebral fascia are unremarkable. The hyoid bone and laryngeal cartilages are intact. The lumen of the larynx is not obstructed.

CARDIOVASCULAR SYSTEM: The intimal surface of the abdominal aorta is free of significant atherosclerosis. The aorta and its major branches and the great veins are normally distributed and unremarkable. The pulmonary arteries contain no thromboemboli. The heart is markedly enlarged, with normal contours. The pericardium, epicardium, and endocardium are smooth, glistening, and unremarkable. There are no thrombi in the atria or ventricles. The foramen ovale is closed. The coronary arterial system is free of significant atherosclerosis. The atrial and ventricular septa are intact. The cardiac valves are unremarkable. The myocardium is dark red-brown and firm, and there are no focal

Accredited by The National Association of Medical Examiners

IFS-11-10161

McCollum, Larry Gene

Page 3 of 6

abnormalities.

RESPIRATORY SYSTEM: The upper airway is unobstructed. The laryngeal mucosa is smooth and unremarkable, without petechiae. The pleural surfaces are smooth and glistening. The major bronchi are unremarkable. Sectioning of the lungs discloses a dark red-blue, moderately congested parenchyma.

HEPATOBIILIARY SYSTEM: The liver is covered by a smooth, glistening capsule. The parenchyma is dark red-brown and moderately congested. The gallbladder contains approximately 10 cc of dark green bile, and one dark green cholesterol stone measuring approximately 2 inches in greatest dimension.

GASTROINTESTINAL SYSTEM: The tongue is grossly normal both externally and upon sectioning. The esophageal mucosa is gray, smooth, and unremarkable. The stomach is empty. There are no tablets or capsules. The gastric mucosa has normal rugal folds, and there are no ulcers. The small and large intestines are externally unremarkable. The appendix is absent. The pancreas is unremarkable externally and upon sectioning.

GENITOURINARY SYSTEM: The capsules of both kidneys strip with ease to reveal smooth and slightly lobulated surfaces. The cortices are of normal thickness, with well-demarcated corticomedullary junctions. The calyces, pelves, and ureters are unremarkable. The urinary bladder is empty. The mucosa is gray, smooth, and unremarkable. The prostate gland is unremarkable both externally and upon sectioning.

ENDOCRINE SYSTEM: The thyroid and adrenal glands are unremarkable externally and upon sectioning.

LYMPHORETICULAR SYSTEM: The spleen is covered by a smooth, blue-gray, intact capsule. The parenchyma is dark red. The cervical, hilar, and peritoneal lymph nodes are unremarkable.

MUSCULOSKELETAL SYSTEM: The clavicles, ribs, sternum, pelvis, and vertebral column have no fractures. The diaphragm is intact.

MICROSCOPIC EXAMINATION:

Heart: myocyte hypertrophy; increased interstitial and perivascular fibrosis.

Lung: vascular congestion.

Liver: moderate macrovesicular steatosis, mild focal centrilobular necrosis.

Kidney: No significant pathologic alteration is identified.

Spleen: diffuse hypocellularity with depletion of both the red and white pulp.

McCollum, Larry Gene

Page 5 of 6

FINDINGS:

1. Hyperthermia

- a. History that the decedent was in a hot environment without air conditioning, and was witnessed to collapse with seizure activity.
- b. History that the decedent presented to the Emergency Department unresponsive, with a body temperature of 109.4 degrees Fahrenheit.
- c. Hospital course complicated by
 - 1. hypoxic-ischemic encephalopathy
 - 2. disseminated intravascular coagulation
 - 3. shock
 - 4. multi-system organ failure
- d. Brain swelling
 - 1. transtentorial herniation
 - 2. cerebellar tonsillar herniation and acute necrosis
 - 3. hypoxic-ischemic encephalopathy

2. History of hypertension

- a. Cardiac hypertrophy (heart weight = 550 grams)
- b. History of treatment with hydrochlorthiazide

3. Morbid obesity (Body mass index = 49.5)

4. Contusions of scalp and face

5. Subgaleal hemorrhage

6. No significant injuries

CONCLUSIONS:

Based on the autopsy and the history available to me, it is my opinion that Larry Gene McCollum, a 58-year-old white male, died as the result of hyperthermia. The decedent was in a hot environment without air conditioning, and he may have been further predisposed to developing hyperthermia due to morbid obesity and treatment with a diuretic (hydrochlorthiazide) for hypertension.

AFFIDAVIT

THE STATE OF TEXAS §
 §
COUNTY OF WALKER §

BEFORE ME, the undersigned authority, personally appeared Kathy Cleere, known to me to be a credible person over the age of 18 years, who, being duly sworn by me, did depose and say that the following is true and correct:

"My name is Kathy Cleere. I am of sound mind; capable of making this affidavit; and I am authorized to make this affidavit in the capacity herein stated. I am personally acquainted with the facts herein stated."

"I am employed as a Program Supervisor III for the Texas Department of Criminal Justice ("TDCJ") Emergency Action Center located in Huntsville, Texas, and do hereby certify that I am the custodian of records maintained in the regular course of business of the TDCJ."

"I have reviewed the records you have requested; and hereby certify that the attached copies of documents are true and correct copies of the original records now on file in my custody. I further certify that the records attached hereto are maintained in the usual and regular course of business at the TDCJ. The entries made and/or documents created were created at or about the time of the occurrence, or reasonable soon thereafter, by an employee or representative of TDCJ with knowledge of the act, event, condition, opinion, or diagnosis reflected in the records, and that such records are maintained on each and every offender confined here."

Attached are copies of the records of offender **McCollum, Larry G. TDCJ #1721640** described as **"Copy of any/all EAC reports/files/investigations related to the above listed offender with a date of incident 7-28-11 / Cause #3:12-CV-2037 / Estate of Larry McCollum v. TDCJ, et al"**, which were requested.

Kathy Cleere, Affiant

SWORN TO AND SUBSCRIBED BEFORE ME on July 10, 2012 by the said Kathy Cleere, to certify which, witness my hand and seal of office.

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.

INCIDENT/INVESTIGATION REPORT

CASE #: 2011.03006

INTRODUCTION:

My name is Michael Keck; I am a Criminal Investigator with the Texas Department of Criminal Justice, Office of the Inspector General, Investigations Division- Region A and I conducted this investigation.

REPORTER'S STATEMENT:

Lieutenant Sandra Sanders of the Hutchins State Jail called and reported that Offender Larry McCollum had died on July 28, 2011, at 11:35 p.m. at Parkland Hospital in Dallas, Texas.

CRIME SCENE DESCRIPTION:

This incident occurred at the Texas Department of Criminal Justice, Hutchins Unit, located at 1500 E. Langdon Rd., Dallas, Texas, 75241. Specifically, this incident occurred at Building C7 Dorm. This building is constructed of metal and houses inmates in a dorm style setting. There are multiple bunk beds, with top and bottom beds, constructed of metal. However, this incident concluded at Parkland Hospital's Intensive Care Unit.

INVESTIGATOR'S NARRATIVE:

On July 22, 2011, at approximately 3:00 a.m., Offender McCollum, Larry, TDCJ # 1721640, was discovered by Hutchins State Jail Security Staff in his assigned bunk having a seizure. McCollum was taken to the medical department where it was determined he should be transported to a local hospital. McCollum was transported to Parkland Hospital in Dallas, Texas, and his condition was assessed. McCollum was listed in critical condition and placed on a ventilator. McCollum was admitted to the Intensive Care Unit.

On July 28, 2011, I received a call from Lt. Sandra Sanders of the Hutchins State Jail at 11:37 p.m. She stated that Offender Larry McCollum, TDCJ # 1721640, who was at Parkland Hospital died at 11:35 p.m. this date. I responded to Parkland Hospital in Dallas and arrived at 12:32 a.m. I went to the ICU Room 911 where Correctional Officers Tashawna Bowser and Haskell Rayford identified the body of Offender McCollum to me. I examined and photographed the body and did not find any evidence of assault or trauma. I completed the Investigator's Report of Custodial Death. I made contact with Offender McCollum's daughter, and informed her I would be investigating the death of Offender McCollum. I spoke with Kristi George of the Dallas County Medical Examiner's Office who advised that they would be conducting an autopsy. Also, I spoke with Dr. Charles Owens who advised that death may have been caused by hyperthermia and he wanted an autopsy. I cleared the scene at 1:20 a.m. and escorted the body to the Parkland Hospital Morgue where it was secured until release to the Dallas County Medical Examiner.

I conducted an interview with Correctional Officer Tashawna Bowser. Bowser gave a voluntary written statement. Bowser stated that on July 28, 2011, she was assigned to maintain custody of Offender McCollum at Parkland Hospital ICU Room 911. Bowser stated that on July 28, 2011, at approximately 11:35 p.m., McCollum died. Bowser stated that she maintained care and control of McCollum's body until I arrived and she was relieved by her supervisor.

I conducted an interview with Correctional Officer Haskell Rayford. Rayford gave a voluntary written statement. Rayford stated that on July 28, 2011, he was assigned to maintain custody of Offender McCollum at Parkland Hospital ICU Room 911. Rayford stated that on July 28, 2011, at approximately 11:35 p.m., Dr.

Michael R. Keck
